

MASTER COURSE OUTLINE

A. BUSA 1002 Introduction to Online Learning

B. COURSE DESCRIPTION:

This course provides students with an orientation to the online learning environment, online learning strategies, and communication and technology features. Students will be required to demonstrate competency in accessing course materials, completing assignments, communicating with classmates and faculty, researching via the Internet, accessing online resources, and working with multimedia files. Specific technology topics include computer and software (operating system and application) requirements, uploads/downloads, plug-ins, Internet access and browsers, and course management software. To successfully complete this course, students should have basic computer skills such as document creation using application software, creating and sending e-mails, accessing the Internet, and using operating systems.

(1 Cr – 1 lect, 0 lab)

C. *Core Theme: Critical Thinking

D. RIVERLAND INSTITUTIONAL LEARNING OUTCOMES:

This course addresses the following Riverland Institutional Learning Outcome(s):

- ILO 1: critical thinking (*Core Theme Goal 2*)
